

Pricing

We provide first class care with transparent, up-front pricing.

We primarily use a time-based system for invoicing our patients who choose to utilize our direct pay/cash pay options, similar to how many lawyers and accountants bill.

Please use the examples to guide your appointment booking.

- Visits for annual skin cancer screening and hair loss evaluation are dedicated visits with 30 minute minimums. Given the comprehensive nature of these visits, please book a longer appointment if additional issues need to be addressed.
- Patients are seen for the time booked. If your needs are longer than your booked appointment time, we are happy to extend your appointment as time permits, priced at the higher time slot used.
- We round up to the next 10 minute billing increment. Please complete and upload your intake paperwork before the appointment to minimize delays thereby making appointments longer and therefore more expensive than necessary.

<p>10 minute visit - \$175</p> <p>For follow up patients ONLY, at the discretion of Dr. Chan; if these “simple” follow ups require more time, then will be billed accordingly</p>	<p>Examples include:</p> <ul style="list-style-type: none">• Follow up on <i>one mole that is being monitored</i>• Follow up for <i>stable acne or eczema for refills</i> with no change in management• Follow up for treatment of <i>actinic keratosis (pre-cancers)</i>.
<p>20 minute visit - \$225</p>	<p>Examples include:</p> <ul style="list-style-type: none">• New concerning spot• <i>Acne or rosacea</i> needing simple treatment• <i>One new localized rash</i>: new rash limited to a single body area such as face or arms; if this instead something that requires a biopsy, then this may extend the visit time and be billed accordingly)• <i>New wart/molluscum visit</i>: first visit for wart/molluscum• <i>Actinic keratosis (pre-cancerous lesion(s)) visit</i>: first visit for actinic keratosis; if this instead something that requires a biopsy (e.g. suspected skin cancer), then this may extend the visit time and be billed accordingly)

<p>30 minute visit - \$295</p>	<p>Examples include:</p> <ul style="list-style-type: none"> ● <i>Full skin cancer screening</i>: includes dermatoscopic evaluation of any suspicious spots ● <i>Hair loss consultation</i> ● <i>Rashes</i> affecting more than one body part ● <i>Moderate/severe</i> conditions such as eczema, psoriasis, acne, rosacea,

GOOD FAITH ESTIMATE

You have the right to receive a “Good Faith Estimate” explaining how much your medical care will cost.

Under the law, health care providers need to give patients who don't have insurance or who are not using insurance an estimate of the bill for medical items and services.

- You have the right to receive a Good Faith Estimate for the total expected cost of any non-emergency items or services. This includes related costs like medical tests, prescription drugs, equipment, and hospital fees.
- Make sure your health care provider gives you a Good Faith Estimate in writing at least 1 business day before your medical service or item. You can also ask your health care provider, and any other provider you choose, for a Good Faith Estimate before you schedule an item or service.
- If you receive a bill that is at least \$400 more than your Good Faith Estimate, you can dispute the bill.
- Make sure to save a copy or picture of your Good Faith Estimate.

For questions or more information about your right to a Good Faith Estimate, visit www.cms.gov/nosurprises or call 877-696-6775.
